

"Service to the Society through Quality Technical Education"

One Week Workshop on

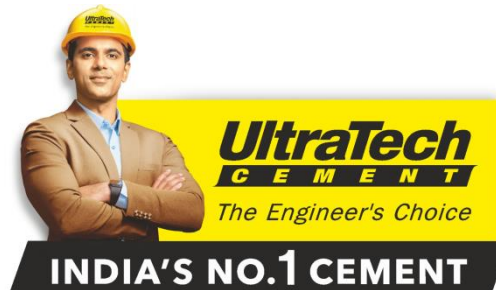

CONCRETE MIX DESIGN 26th to 31st August 2024 (CMD-24)

Organised By
Department of Civil Engineering
(NAAC & NBA Accredited)
K. D. K. College of Engineering, Nagpur
&
Indian Concrete Institute (NC)

In Association with

'UltraTech, India's No.1 Cement' - visit ultratechcement.com for claim details.

About K.D.K.C.E:

The Karmavir Dadasaheb Kannamwar College of Engineering, situated in the heart of India in Nagpur city, established in 1984 by Backward Class Youth Relief Committee (BCYRC) is one of the leading engineering colleges in Maharashtra state. College is NAAC accredited and Government of Maharashtra has conferred 'A' Grade on the basis of excellence & adequate infrastructure as well as academic achievements of students and faculty. It is approved by AICTE New Delhi, DTE, Government of Maharashtra. The college successfully continues to attract attention of scholars from all over the subcontinent. The Civil Engineering course is accredited by NBA. Earlier also the Civil Engineering course is four times accredited by NBA.

About Indian Concrete Institute:

Indian Concrete Institute is one of the leading professional bodies in India, catering to the professional needs of individuals and Organisations involved in Concrete. It is a non-profit Organisation, dedicated to the cause of Disseminating Knowledge on Concrete, to Promote Concrete Technology and Construction and to address the Research Needs of Concrete. The Civil Engineering Department has privilege of having ICI Student chapter.

About the Workshop:

This workshop enabled the budding Civil engineer to learn about the concept Concrete Mix Design, IS provisions and testing in fresh as well as in hardened state. This Workshop provided experimentation & Design Methodology to the student which would certainly benefit in the academic progress.

Objectives:

- Introduction of IS 10262:2019 and EFNARC provisions for Concrete Mix design
- Role of Admixture for Concrete Mix design
- Innovation in Concrete making
- Testing on Concrete
- Visit to RMC Facility

General Instruction and Registration Process:

Entry Fee:

- **Rs 100 Only (at the time of registration at College)**

Who Can Participate

- VII and V Semester Civil Engineering Students and PG Structural Engineering Students

Important Dates:

Online Registration by using following **Google link:** Up to 27th August 2024

<https://forms.gle/EBUJCeoCBya3gBMq7>

All participating students will get certificate of participation
