Oracle Designer/2000

When *Computerworld* surveyed 1,500 information technology professionals, they named Oracle's Designer/2000™ and Developer/2000™ their #1 choice in these application development categories. That's because Designer/2000 and Developer/2000 provide the most powerful tool suite for developing client/server and web applications, which scale from the workgroup to the enterprise.

For award-winning client/server application development and a copy of the *Computerworld* study, call 1-800-xxx-xxxx, ext. xx34 or find us on the Web at <http://www.oracle.com/>

Oracle Developer/2000
