When *Computerworld* surveyed 1,500 information technology professionals, they named Oracle Designer/2000™ their #1 choice in all modeling and application generation categories. Designer/2000 is the only tool that generates and reverse engineers complete client/server and web applications, delivering productivity benefits unavailable with any other modeling tool.

For award-winning application development and a copy of the *Computerworld* study, **call 1-800-xxx-xxxx, ext. xx35,** or find us on the Web at **http://www.oracle.com/**
